STATE DEPARTMENT OF AUDIT
JACKSON, MISSISSIPPI

SYNOPSIS OF THE REPORT OF AUDIT MADE OF HANCOCK COUNTY FOR THE FISCAL YEAR 1947

CONTENTS

1. Consolidated Statement of Receipts and Expenditures—All Funds
2. Detailed Statement of Receipts and Expenditures of Road Funds
3. Condensed Statement of Funds' Assets and Liabilities
4. Schedule of Road Working Machinery and Equipment
5. Trend of Bonded Debt—(Condensed)

COMMENTS

The results of the audit of the financial affairs of this county for the period indicated were generally unsatisfactory. The report takes exception to numerous items and conditions which are directed to the attention of the Board of Supervisors and the Chancery Clerk for their consideration. These conditions, of necessity, should be corrected at once in order that the affairs of the County might be conducted on a sound financial basis and in a proper business-like manner.

The attention of the Board is directed to Outstanding Loans due the Interest and Sinking Funds by the Road Maintenance funds amounting to \$7,500.00. Such loans must be repaid during the period. Funds derived from taxation for Bond and Debt Retirement purposes are not to be diverted to current operational purposes.

The attention of the Board is also directed to the condition of Outstanding Loans made in prior years from the 16th Section Principal Funds to Individuals, which reveal a balance due of \$4,865.00. There has been no change in the balances due on these loans since October 1, 1945. It is the duty of the Board to collect these loans at once, by instituting foreclosures proceedings if necessary.

During the course of the audit it was revealed that members of the Board were not complying with the provisions of the law relative to the filing of inventories by filed each year by listing each unit of equipment owned, with detailed descriptive information such as make, model, type, motor and serial numbers on each unit being given.

The report further discloses that the Board has failed to comply with Section 2936 of the Code of 1942. That section requires that all purchases of materials, and supplies be made by requisition which the Board has failed to do in most cases. Attention is also called to the fact that in numerous instances the Board has also failed to comply with the provisions of Section 9027 of the 1942 Code which requires the advertising for bids for supplies and materials to be purchased.

Attention is directed to the manner in which certain expenditures have been made for public works by the Board. Cited as an illustration is the more than \$10,000.00 spent for repainting and repainting the court house during the period. The records do not indicate that the provisions of Section 2917 of the Code of 1942 had been complied with in the matter of advertising this project or of entering into a legal contract with anyone to do the work for a stipulated sum.

The report also takes exception to the manner in which the Board has expended \$27,197.50 of the sum of money appropriated by State for construction and improvement of roads, which obviously was expended contrary to the provisions of Chapter 219 of the Laws of 1946 and Section 2917 of the Code of 1942. It is shown by the records that this sum was expended for dragline rental,

truck rental and gravel, without contract as required under Section 7 of Chapter 219, Laws of 1946, and without having been applied on the particular road designated by the Board under the provisions of Section 5 of this law.

The report further discloses that \$9,901.25 was paid to one individual on various dates for Culverts which were purchased without bids and for which no purchase requisition was issued, and no where is there found evidence of delivery. Transactions of this nature are in violation of Section 9027 of the Code of 1942.

The attention of the Board is directed to the use of the provisions of the Code of 1942, and the provisions of Section 417, Code of 1942, and allowances to the Sheriff for apprehending criminals were made contrary to the provisions of Section 417, Code of 1942.

Total revenue receipts for the period amounting to \$513,579.98 represent an increase over the prior period of \$7,487.34, while operating cost totaling \$445,707.21 represent an increase of \$86,004.50. This increase in costs is due in large part to the increase in expenditures made for road and bridge maintenance and for school maintenance purposes which account for \$75,166.46 of this amount, their increases being \$41,365.40 and \$33,801.06 respectively.

The revenues from sources within the county totaling \$236,711.74 represent an increase of \$11,313.79 over the previous year, while revenues from the State and other outside sources totaling \$276,868.24 reflect a decrease of \$3,826.48. This, however, does not represent a normal decrease since in this computation is included \$53,305.40 received from the State in 1946 for special road purposes which did not recur during 1947, which, if excluded from the comparisons would reveal a normal increase for 1947 over 1946 of \$49,478.95. By these comparisons it is seen that the county received approximately 53% of its income from the State and other outside sources.

The amount of the outstanding bonded debt of the county, as shown by accompanying statement, was \$1,583,800.00 at the close of the period, which represents a decrease of \$85,000.00 under the total at the beginning of the year.

President And Faculty Of St. Stanislaus Thank Those Who Aided In Christmas Tree Celebration

The President and Faculty of Saint Stanislaus are deeply grateful to all the people of Bay Saint Louis and elsewhere who so generously contributed to the Brother Peter Christmas Tree for the poor children of Bay St. Louis and Hancock County.

Special thanks are extended to the members of the football teams who contributed both their time and their money to raise funds for this benefit. Sincere sympathy to those

who are nursing various hurts and bruises suffered in the games.

Thanks also to those who contributed to the raffle of the Sugar Bowl tickets. The tickets were won by Raymond Noda, a student of the College.

The amount of money secured was more than usual, and a greater number of toys and more fruit and candy were secured to take care of the children who participated who approached nearly a thousand in number.

Thanks also to the ladies who assisted in the distribution of the toys, fruit and candy.

Gulfview Mothers Club Held Christmas Tree Celebration at School

The Mothers' Club of the Gulfview School, at Lakeshore, followed the thought of making Christmas happy for others rather than for each other and went all out on Dec. 27th to make 400 children happy.

The club had arranged a beautiful tree at the school and Santa Claus was there, smiling at the children as he gave them candy, fruit and an individual gift.

Preceding the distribution of gifts the entire student body sang "Come All Ye Faithful" and Rev. Bonner carried briefly on the true meaning of Christmas and he sang a solo on the birth of Christ. Then the children, accompanied on the piano by Mrs. Jeanne Williams, sang carols and Christmas songs.

The members of the Mothers Club assisting Santa were: Mrs. Harry Stone, Mrs. John Erskine, Mrs. Jack Fisher, Mrs. Clarence Moran and Mrs. Milton Stoufflet.

This occasion was a happy Christmas for the children; the members of the club, the school faculty, Mr. Bonner and Mr. Bressley who was Santa and others who in any way helped to stage this Christmas celebration.

Sixth Grade At Bay High Presented Program

One of the very interesting Christmas programs put on at Bay High and which reached the office too late for last week's issue was that of the sixth grade.

Mrs. Ethel Zingarling presented the sixth grade in a Christmas play at the assembly period on Friday, December 17 entitled "Cantata of the Christmas Tree." The following was the cast:

The Spirit of the tree—Patricia Shadoin; The Angel—Pamela Grato; Candle Lighters: A. J. Peterson and Beverly Banderet; those placing tree and decorating with ornaments: Kent Seller, Jean Asher, Mary Lou Herring, Jerry Bienvenue, Bill Whitfield, Rosemary Millinery; Marie Campbell, Norma Tartavouille, Jayne Melcher, Donald Cole, Clayton Adams, Toddy Gray, Rai Ann Witter, Janet Breland, Delta Garcia.

Mrs. Carl Smith directed the singing of the following Christmas carols: "It Came Upon The Midnight Clear," "Away in a Manger," "We Three Kings of Orient Are," "Joy to the World," "The First Noel."

Palmer, who passed away on December 24th, 1948. He and Mrs. Palmer resided here on Oak Blvd.

Mr. and Mrs. W. A. Walsdorf spent Christmas Eve as the guests of their children and families. Then their children and families spent Christmas day in Waveland as their guests.

Mr. and Mrs. John Rauch went to New Orleans to spend the Christmas holidays with their children and families.

Through error the following names were omitted from the cast of the play, "The Isle of Dreams" presented by the first, second, third and fourth grades of the Waveland School.

First Santa Claus—Ernest Carver. Second Santa Claus—Otto Bourgeois.

Third Santa Claus—Eddie Bourgeois.

THE NEW YEAR

As we come to the end of the year 1948 we should all have much to be thankful for. We should take time out to thank God for the many favors He has granted us during the past year, and above all we should be grateful to Him for the privilege of living in a free country.

Even though many of us may disagree with the individual thought of some of the officials who govern this great nation, we yet live in a country where the individual may follow the pursuits of life unhampered; where he may develop his energies and initiatives and unfold his opportunities.

With the coming of the New Year we in Bay St. Louis have much to look forward to. We will see the inauguration of a new City administration headed by a young man as Mayor and with a young man as one of the City Commissioners. These young men, together with Mr. W. L. Bourgeois who has served as City Commissioner for 16 years, experienced and conservative, it is our hope will make a good working team for the next four years. They will need the cooperation of every individual to bring about the desired results. Let us all resolve for the New Year that we will lend all the aid possible and promise that we will not attempt to place obstacles in their way when they are working for the good of the City of Bay St. Louis.

Your new Mayor is a young man who has had some experience in public life. It is his heart's desire to help the City of his birth. He passed up opportunities to seek public offices with far greater pay than the Mayor's office, with the thought that he could render a service to his people. He and his co-workers will need your help. Make it possible for them to have it.

The election of young men to public office again brings very forcibly to mind the need for the development of the youth of our City and of our County for leadership. There is a crying need for young leadership in our midst today. Leadership developed upon the sound principles of individual initiative, with the thought of easy money without work banished from their minds.

It is up to the men and women of our County to help develop this leadership, and may the New Year resolution of the men who could be capable leaders in this movement, but who are engaged in illegitimate enterprises, be, that they will set a better example for the youth of our County, and by so doing they too will lend much aid in the development of this much needed leadership.

pig

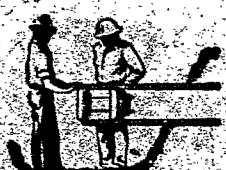

GUARDS YOUR GAS SERVICE

Some call it a "go-devil"... others call it a "pig". It's a cleaning device that roots its way through a new pipe line to take out dust and debris gathered in construction. There's never a foot of United Gas transmission line that fails to get this internal cleaning, for foreign materials in the line could result in interruption of service. The "pig" is often used, too, to clear obstructions in existing lines. This is one of the many functions of the United Gas organization... all of which have the ultimate purpose of assuring a more dependable supply of natural gas to our customers.

UNITED GAS ...

Serving the Gulf South

After the "pig" is inserted in the end of a long section of pipe line, gas is used to force it through the line, scraping and brushing as it goes.

It comes out the other end followed by a cloud of dust and other foreign materials removed by its passage through the line.

When the line blows free of air, it is ready to become part of United's 6,000-mile integrated pipe line system.

REGULAR MONTHLY MEETING COUNTY BOARD OF SUPERVISORS

STATE OF MISSISSIPPI COUNTY OF HANCOCK

Be it Remembered that a regular meeting of the Board of Supervisors of Hancock County, State of Mississippi, was begun and held at the Courtroom thereof in the City of Bay St. Louis, on Monday, November 1st, 1948 at 10:00 o'clock A. Lady Baltimore Pie

Broadcast: January 1, 1949
1 cup graham cracker crumbs
3 tablespoons melted shortening
1 envelope unsweetened gelatin
1/2 cup cold water
2 eggs
1/2 cup sugar
1/4 teaspoon salt
1/2 cup Fat Milk
1 1/2 teaspoons vanilla
1/2 cup seedless raisins
1/2 cup cut-up Macintosh cherries
1/2 cup chopped nuts

Mix crumbs with shortening. Press 1/4 cup of mixture on bottom and sides of greased deep 9-inch pie pan. Chill. Soften gelatin in 1/4 cup water. Mix slightly beaten egg yolks, sugar, salt, milk and remaining 1/2 cup water. Cook and stir over boiling water until slightly thickened. Stir in gelatin; remove from heat. Add vanilla. Chill until slightly thicker than unbeaten egg whites. Add raisins, cherries and nuts. Fold in stiffly beaten egg whites. Put into crumb crust. Top with remaining 1/4 cup crumbs. Chill until firm.
